

# MUHAMMAD TABISH

## SOFTWARE ENGINEER

Lahore, Pakistan | tabishm484@gmail.com | +923204473558 | [LinkedIn](#) | [GitHub](#)

### OBJECTIVE

Detailed-oriented Software Engineering graduate with strong programming fundamentals and practical knowledge of HTML, CSS, JavaScript, React.js, and Node.js. Experienced in building responsive web applications, designing relational databases, and implementing CRUD operations through academic projects. Excited to join a collaborative team and grow as a professional developer.

### SKILLS

HTML & CSS	JavaScript	Express JS
Tailwind CSS & Bootstrap	React & Node JS	Mongo DB

### PROJECTS

**Job Portal App** | React.js, Node.js, Express.js, MongoDB 2025

- Developed a full-stack job portal using MongoDB, Express.js, React.js, and Node.js (MERN) for managing job postings and applications.
- Implemented secure user authentication and authorization with JWT, enabling separate recruiter and candidate access levels.
- Built a recruiter dashboard to manage job listings, view applications, and track candidate progress.
- Integrated node-mailer for email verification and user notifications during signup and login processes.
- Designed a responsive, user-friendly UI and developed RESTful APIs to ensure smooth interaction between front end and back end.

**Exam Seating Arrangement System (FYP)** | PHP, MySQL, HTML, CSS 2025

- Designed and developed a web-based system to automate exam seating plans for educational institutions.
- Ensured efficient resource utilization and error-free scheduling with secure data management.

**Ecommerce Website** | React.js, Tailwind CSS 2024

- Developed a fully responsive e-commerce website clone using React.js and Tailwind CSS.
- Designed and implemented reusable UI components to ensure consistency and streamline the development process.

**To Desktop** | HTML, Tailwind CSS 2024

- Recreated the responsive design of the ToDesktop official website using HTML and Tailwind CSS.
- Gained hands-on experience in component-based styling and improving overall UI/UX aesthetics.

### EDUCATION

**Bachelor In Software Engineering**  
Virtual University

Oct 2021 - Aug 2025

### ADDITIONAL INFORMATION

- Languages:** English, Urdu.
- Reference:** Will be furnished on demand.
- Certificates:** MERN STACK Development (*Frag Games*), Programming Fundamentals (*Game Train*)
